Overall Score

Basic Aptitude: **Moderate**

The candidate is above average in basic aptitude, moderate in communication, and will probably be able to execute his duties well. The candidate is moderately recommended as he/she is likely to exhibit the desired competencies required to perform well in the job.

Section-wise Analysis

Basic Quantitative Aptitude: Very High

The candidate has excellent grasp of numerical concepts and his/her ability to understand numerical information is very good. The candidate understands numerical formulas and concepts and can very well interpret this information in a logical, rational output.

Verbal Ability: Moderate

The candidate has an above average level of acquisition of vocabulary and can conveniently select or apply appropriate words in response to simple sentences. He/she is aware of grammatical parts of speech, such as nouns, adjectives and prepositions and knows their usage. He/she is able to frame complex sentences as his/her choice of tense is likely to be error free.

Basic Reasoning: Very Low

The candidate has very poor ability to understand logical information. He/she is unable to understand tables, patterns, rotation of diagrammatic objects and cannot address Conclusions and Arguments. He/she is uncomfortable in interpreting information in a logical, rational way and will be unable to analyze data precisely.

Attention To Detail: High

The candidate is able to grasp errors with high level of speed and accuracy. He/she has adequate patience and focus required to be comprehensive in executing tasks.
